Summer 2014

Promoting the spread of the Gospel through Aviation and Technology

2014 Mission Aviation Fair—August 15-17.....

What better way to spend a day or two on an August weekend, than at Smoketown Airport for the Mission Aviation Fair!

Join hundreds of others to help celebrate the impact of aviation in helping mission programs take the message of God’s love to those in remote places of earth. See how technical skills can be used to serve God in the mission task.

The event will kick off with Friday Film Night. Saturday morning begins with a Pancake and Sausage breakfast. Throughout the day on Saturday and on Sunday afternoon over 20 exhibitors will be delighted to have you visit their booth. Plan to take in several of the speaker sessions to hear first-hand how God is using four different mission organizations.

Have you ever ridden in a helicopter? Here’s your chance to ride over scenic Lancaster county landscape with a JAARS missionary pilot. Or fly with an MAF missionary pilot in a Cessna 206. These aircraft are used to transport mission workers to remote locations, to fly in supplies and assist in their programs in many ways.

A great program is planned for the children. See details and other information on these pages. Plan to come and bring some friends!

Friday Film Night in Hangar F

Starting at 7:00 pm Jaime Saint will give an update on I-Tec’s ministry and Steve Saint’s recuperation progress. At 7:30 the film will begin—Journey into the Amazon.

In 1956 five men (including Steve’s father) were killed by a remote Indian tribe in Ecuador. Almost 50 years later their families journey to the Amazon Rain Forest to visit this Waodani tribe, then known as the Aucas and considered

the most violent on earth. But now, the tribe’s spiritual leaders are the very men who killed the missionaries.

Travel along with the Saint, McCully, and Fleming-Liefeld families as they share their memories, their experiences and how they live out their Christian faith.

Cost is \$1.00/person. Sodas and popcorn will be provided.

2014 Theme: “Serving in a Changing World”

Technology is changing exponentially these days, with new products being introduced at a staggering pace. Keeping up with new tools can be a daunting challenge. Taking advantage of them for God’s work provides opportunities that shouldn’t be missed.

The world is searching online. Global Media Outreach puts the gospel online. Millions have believed and are discipled at GodLife.com where they build personal relationships with online missionaries. Learn about this neat ministry at Ron Ensminger’s speaker session.

We hear that I-TEC (Florida) is developing a new Quad-Copter project to be used to deliver supplies in remote areas. We hope to see this demonstrated at the fair.

Children’s Activities

Lots of fun and educational activities especially designed for our young guests will be found at the Kid-Zone. Activities from 9:00-5:00 on Saturday and 1:00-5:00 on Sunday include a journey to six countries with a craft, game and food samples. There will be face painting, balloons and even treasure hunts with prizes.

The bounce house is always a great favorite (and will be well tied down). Alpacas will be there on Saturday and a caricature artist. Back by popular demand is world-class juggler, Chris Ivey. Children won't want to miss his presentation at 2:00 PM on Saturday. Also a Candy Drop Sunday at 2:00! The "Little Airplane Train" will have a brand new specially-designed two-engine plane tractor to pull it!

We hope that children will have a fun experience while also learning how they might serve the Lord now and in the future.

Exhibitors for 2014

Organizations from far and near are coming to set up displays. Please visit them in Hangar G and in the Exhibit Tent to learn about their ministries.

- Agape Flights
- Ambassador Advisors
- Friends In Action
- Global Media Outreach
- Helimission
- I-TEC (with new quad-copter project)
- I-Tec (Williamsport)
- JAARS
- Lebanon Missions at the Airport (MATA)
- Liberty Aviation
- Life Changing Ministries, Intl.
- MAF (Mission Aviation Fellowship)
- Missionary Flights Intl.
- Missionary Maintenance Service
- Moody Aviation
- Mission Safety Int.
- New Tribes Mission
- PA College Of Tech.
- Perspectives
- Proclaim Aviation
- School of Missionary Av Tech
- WDAC & WBYN Radio
- Wycliffe Bible Translators
- Wycliffe Mobiles for Missions
- World Mission Associates
- Youth Outreach, Intl. (Medical)

Also visit the Book Table where items from the exhibitors will be available for purchase.

Tentative Schedule (Subject to change)

Friday, August 15

- 7:00 PM I-TEC Update by Jaime Saint
- 7:30 PM Film Night - *Journey into the Amazon*

Saturday, August 16

- 7:30-10:00 AM Pancake Breakfast
- 8:30 AM Exhibits open
- 9:45 AM Speaker Session
- 11:00 AM Speaker Session
- 12:30 PM Speaker Session
- 2:00 PM Juggler (Children’s Area)
- 3:15 PM Flight Demo
- 4:15 PM Speaker Session
- 5:30 PM Exhibits close

Sunday, August 17

- 11:30 AM Food service opens
- 12:30 PM Fair opens / Exhibits open
- 1:30 PM Speaker Session
- 2:00 PM Candy Drop (Children’s Area)
- 3:00 PM Speaker Session
- 5:00 PM Fair closes

Meet the Special Speakers

Allen Speer—CEO of Agape Flights

Allen was blessed to be born a preacher's kid, saved at an early age, and called to ministry as a teenager.

For 40 years he has faithfully served Christ in a variety of ministry roles, primarily as a senior pastor. For the last 30 years as a pastor

he has been closely involved with mission endeavors around the globe. From Jamaica to Mexico, Cuba and Belarus, his life has been impacted by missionaries and national pastors.

As Agape's CEO, his passion for serving missionaries is clear and contagious. He is honored that God has called him to serve Christ by serving His missionaries. He is a communicator of the Word of God and he loves sharing the vision and the mission of Agape.

Chad Babbert—Mission Aviation Fellowship

Chad Babbert serves as a Development Officer for Mission Aviation Fellowship (MAF) and represents MAF in the Midwest and Northeast US. He lives with his wife and three children in Bloomington, Indiana, and has served as a pastor for more than a decade. He is very committed to the Great Commission and has done mission work in Jamaica, Haiti, Tanzania, and a number of Latin American countries, and served on several mission boards. Chad is also an aviation enthusiast and holds a sport pilot license.

Richard (Dick) Snook—CEO and President of Missionary Flights International

The Snook Family joined MFI in 1986 after leaving their home in Iowa and moving to South Florida. Dick succeeded Rev. Don H. Beldin as president in 1993. Dick and Linda have four grown children and 14 grandchildren. While serving in the United States Air Force, Dick received training as an aircraft me-

chanic. During the Viet Nam war, he had the responsibility of maintaining a fleet of EC-47 aircraft. The EC-47 is the military version of the civilian DC-3. After Viet Nam and while still in the Air Force, Dick earned his commercial pilot certificate and other aviation ratings. Little did he realize that 20 years after Viet Nam, he would begin serving with MFI as a Captain on the same type of aircraft he maintained during the Viet Nam war.

Ron Ensminger—Global Media Outreach

Ron is a retired Navy Captain and holds a B.S. degree and an MBA in marketing. He has 25 years of successful private industry senior leadership, and 18 years of Christian, non-profit executive experience.

He served as President with SAT-7; as Managing Partner with Strategic Resource Group (SRG); and at present, works with Global Media Outreach (GMO), building strategic alliances with ministry partners globally. Ron also consults for several other international ministries.

Your emcee for this event is . . .

Michael Stroh, the Executive Director of IAMA. The International Association of Mission Aviation represents mission agencies, schools and individuals using aviation to serve Christ around the world. With over 50 member organizations, they serve as a link between flight and maintenance schools, candidates, students, sending organizations, pilots & mechanics, vendors and sponsors. (www.iamanet.org)

Michael has served in missionary aviation since 1996—first serving in Indonesia with New Tribes Mission Aviation providing service to remotely located missionaries on the island of Borneo. He oversaw fleet maintenance, along with compliance with local regulations, and managed a team of pilots and mechanics. Then he has also functioned as Director of Safety for NTM Aviation, and currently serves as Chairman of the Board for NTM Aviation along with functioning as CEO for IAMA.

Other Activities

Plan to ride in a missionary aircraft:

JAARS Helicopter—\$30.00

MAF Cessna—\$25.00

Be looking for your favorite Fair food items at the **Food Concessions Hangar** throughout Saturday and Sunday afternoon. Then relax to eat your treats at the Food Tent. Plan for a Saturday lunch (with a new set-up to move people through quickly). Sunday lunch service will begin at 11:30, ahead of the Fair opening at 12:30. You can come directly to the Fair grounds after church if you like.

The “almost famous” **Pancake Breakfast** on Saturday morning is not to be missed. Breakfast is prepared for you by volunteers from the Winsome ABF class of Calvary Church. This includes pancakes, scrambled eggs, sausage, bacon, juice and coffee, and is on a donation basis. Get a good start to the day and then visit the exhibits, attend a speaking session, take a plane ride, and enjoy the day while learning about Mission Aviation.

Action Points

Can you help **spread the word** about the Mission Aviation Fair? Especially if you know young people interested in aviation and/or other technical skills. Help your church or group leaders to be aware of the event. Who knows? You could be used of the Lord to further His work by encouraging others to come to the event.

It's the many **volunteers** who, by helping in a variety of ways, make the Fair a success. From food servers to A/V people to selling tickets to information booth staffers to set-up and tear-down, and many other ways—people work together and have fun while helping to promote missions around the world. To volunteer, contact Jean Hassel at 717-517-9762 or by email at jhassel@comcast.net. Especially needed are volunteers for parking.

Please visit our website at www.mission-aviation.org to see other information being added as available.

Candida

Future pilot on MAF simulator?

So that's what it looks like on the inside!

Contact Info

Mission Aviation Promotions
311 Airport Drive, Box 7
Smoketown, PA 17576
(Office is located near the entrance to Smoketown Airport.)

Phone: 717-509-0938
Cell: 717-380-5065

E-mail:
john@mission-aviation.org
Website:
www.mission-aviation.org

Volunteer Coordinator, Jean Hassel: 717-517-9762
jhassel@comcast.net

Mission Aviation Promotions is a non-profit 501(C)(3) organization, a program of Zadoc Foundation. It's goal is “promoting the spread of the Gospel through aviation and technology.”

Prayer Points ...

We're thankful for:

- An organization to enable the continuance of the Aviation Fair
- A Board of good men who love the Lord and serve Him
- Faithful volunteers
- A website in place
- Good speakers lined up

Please pray for:

- Good weather
- Good participation and attendance
- Safety for travelers and during the event
- God to be glorified and people more aware of the value of technical aspects of missions

Please note that from our website you can **download**:

- An Aviation Fair poster file
- Bulletin-size Aviation Fair Info Sheets
- An Informational Flyer about Mission Aviation Promotions
- A Volunteer sign-up form
- Exhibitor application form

Or, you can request any of these items from our office. We can provide quantities of bulletins with the program schedule on the back for your church.

Please feel free to contact the office with any questions you may have. We are located near the entrance to the Smoketown Airport.
